MEMORANDUM FOR: Deputy Director for Intelligence

1. The DCI and I have briefly noted the attached. Please have one of your people head up a small task force, to include officers from DDP and DDS&T, to analyze the criticisms of the Agency as contained in the David Committee report, and make recommendations to me as to filling any gaps. It occurs to me that the David Committee may not have been as fully briefed on the Agency's efforts in this matter as might have been possible.

2. Secondly, please prepare a draft reply from the DCI to the Secretary of Defense and/or the Secretary of the Navy, since the report proposes such a letter from these individuals to the DCI.
